Sports and recreational water park an area of 3.5 hectares designed as modern complex with an outdoor pool, an indoor pool, a children's pool, sports and recreation grounds for basketball, tennis and football, with spa centre and other supporting facilities such as a dressing rooms, ticket office, sanitary and technical rooms. Aqua park will be open throughout the year. The aims of this project are to strengthen and develop the tourism and sports infrastructure in the municipality, city of East Sarajevo and the region as a quality of life for citizens.

Cooperation Requested

1. Participation in project

2,5 mill. EUR - 25 mill. EUR

Reconstruction of the former girls' high school building in Mostar

The Girls' High School, dating from the Austro-Hungarian period and occupying a total surface of 15 000 m², dominates the eastern riverbank of the Neretva - just above the famous Old Bridge. From the beginning, the Girls' High School was conceived as a multi-functional structure, accommodating shops, offices, teaching rooms, social meeting places and sports facilities in one single complex. Its prime location, combined with its architectural significance and flexible inner structure, predestines it to become again a focal point of inner city of Mostar. This project attempts to conserve the most significant architectural

and historic aspect of the building, while at the same time introducing modern architectural elements which had to be adapted and improved for contemporary use as follows:

- Garage (150 cars) 4 446,5 m²
- Commercial areas 3 413,5 m²
- Hotel 1 732,8 m²
- Offices 1 136,9 m²
- Halls 2 061,0 m²
- Recreation areas 1 199,3 m²
- Total 13 990,0 m²

Cooperation Requested

1. Participation in project

More than 25 mill. EUR

Tourism Complex “Trebinje Resort”

Usually called as “the city of the sun and plane trees”, Trebinje is one of the most beautiful cities in Bosnia and Herzegovina. It is economic and cultural center of Eastern Herzegovina region, with many attractive locations and monuments (historic Crkvina Hill with Hercegovačka Gračanica monastery, Tvrdoš monastery, Catholic cathedral of the birth of Mary, the Osman-Paša Resulbegović mosque, Arslanagić Bridge, etc.). Based on the advantages including land, infrastructure, tourism potential, and proximity of the Adriatic Sea this project proposes, construction of the “Trebinje Resort” with the following:

- A - General Entertainment & Spa Resort
- B - Medico & Spa Resort
- C - Casino & Congress Resort
- D - Urban Resort
- E - Culture & Art Resort
- F - Golf & Nature Resort

Cooperation Requested

1. Participation in project

2,5 mill. EUR - 25 mill. EUR

Sports and Recreation Centre Čajuša Kupres

This project involves creation of Centre for different sports and recreation activities. The northern part is intended for hotel accommodation, outdoor sports facilities (stadium, tennis courts, and volleyball courts) and walking paths, which will be used in the summertime as a bike path.
