HOTEL IGMAN
IGMAN-VELIKO POLJE

- Altitude 1270 m.
- In extremely visited area, both in winter and in summer when various sportspersons improve their fitness,
- Especially their haemograms at this ideal altitude, where the air is very rich with ozone.
- All XIV Winter Olympics Nordic Events, both man and women, were held at Veliko Polje.
- There was a ski-lift with capacity of 500 skiers per hour.
- Also, there were two football fields, a universal sports ground, four tennis courts, and a basketball, a handball and a volleyball playground.

- The main focus is in the "Igman" Hotel being the most attractive facility both in terms of it's offer and quality.
- The hotel is 3 km far from the ski-runs
- The total capacity of 350 beds includes 162 rooms and 3 suites.
- *HOTEL:*

1. nivo «-1»	638,51 m2
2. nivo «0»	4.005,76 m2
3. nivo «1»	2.276,48 m2
4. nivo «2»	1.554,53 m2
5. nivo «3»	1.309,87 m2
6. nivo «4»	1.298,46 m2
7. nivo «5»	1.342,13 m2
8. nivo «6»	527,31 m2
Total:	12.953,05 m2

There is an annex next to the hotel
with 150-beds capacity.

ANNEXES:

1. Ground floor	419,35 m ²
2. I. floor	527,82 m ²
3. II. floor	573,14 m ²
4. Attic	273,68 m ²
Total:	<u>1.793,99 m²</u>

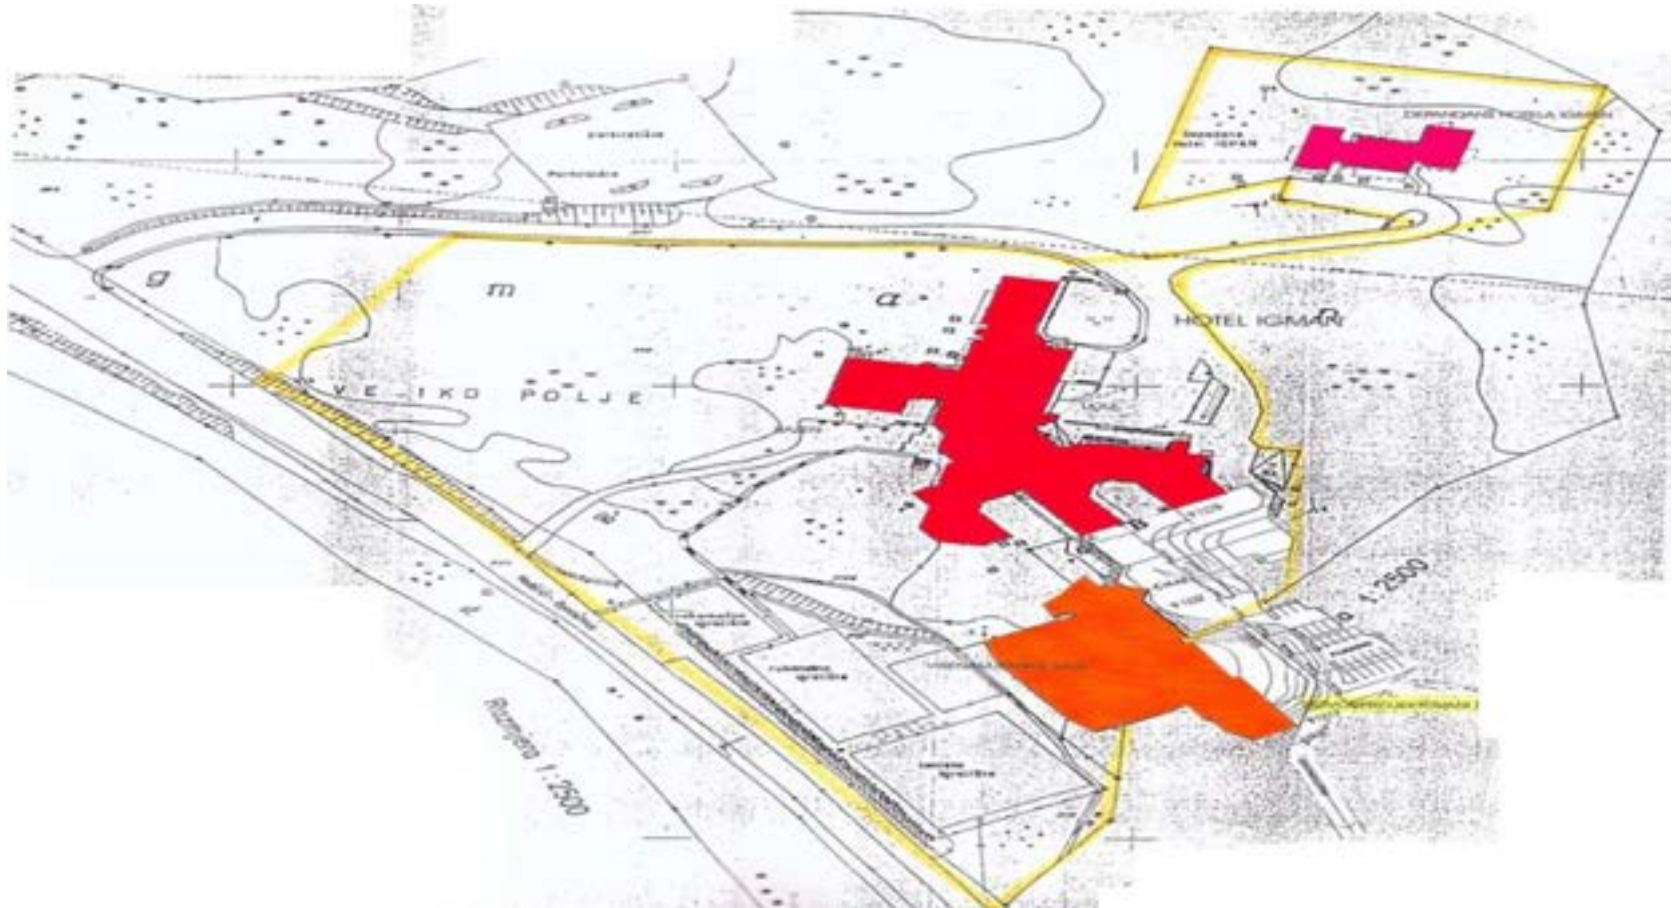

- Complementary facilities include:
In door swimming pool, discoteque , cinema, cafeteria, cocktail lounge with a gallery, "fireplace" hall, bowling alley , saunas , ski-equipment store room with service shop , gym, butique shops , exchange kiosk, PTT, pinball parlor, and a block of sports-recreation play grounds near the hotel.
- An approximate net area of the hotel is 16,000 sq.m.

The hotel was burnt down and completely destroyed in war during the past 20 years.

- Total square footage : 40.653,00 m²
- Hotel and anexes : 14.747,04 m²

- The building is owned by KJP “ZOI 84” (land register entry number : Trnovo 589, Ilidža 1285, Ilidža 939)
- The price includes : all permits, connectors , regulatory plan which prohibits construction in the vicinity of the site
- The amount is determined by the assessment of the expert witness
- Hotel is a great location:
 - airport spas
 - proximity to the Sarajevo Airport -17 km
 - the hotel is possible from two directions
 - 1- Ilidža,Hadžići,
 - 2- Krupac,Trnovo, Lukavica
- Regulatory plan is possible upgrade and expansion

PROJECT:

NEW SKI SLOPES ON LISIČIJA GLAVA AND ŠILJAK / BJELAŠNICA

Industry sector :
Tourism /WINTER TOURISM

**Location: Sarajevo /The Olympic
Mt. Bjelašnica**

Investment opportunity objective :

Development of infrastructure
necessary for a successful
promotion of the Olympic
mountines
and organizing of big international
ski competitions;

Development of sport /winter tourism,
as the main factor of tourist offer of
Canton of Sarajevo, Federation of
Bosnia and Herzegovina and the
complete country Bosnia and
Herzegovina;

By increasing number of ski slopes we'll improve skiing conditions, and a possibility to maintain two /three skicompetitions (different events) at the same time.

The project includes installation of SIX-CHAIRLIFT, IMPROVMENT OF SERVICES IN SKI CENTER, NEW EMPLOYMENT, INCREASING OF NUMBER OF VISITORS, INCOMING TOURISM.

**START/END OF IMPLEMENTATION:
2018yr. – 2020.yr.**

**REQUIRED FUNDS: 19.000.000KM

PROJECT: NEW SKI SLOPES ON BJELASNICA AND
IGMAN

Industry sector : Tourism /
WINTER

Location: Sarajevo /The Olympic
Mt. Bjelašnica and Igman

Investment opportunity objective

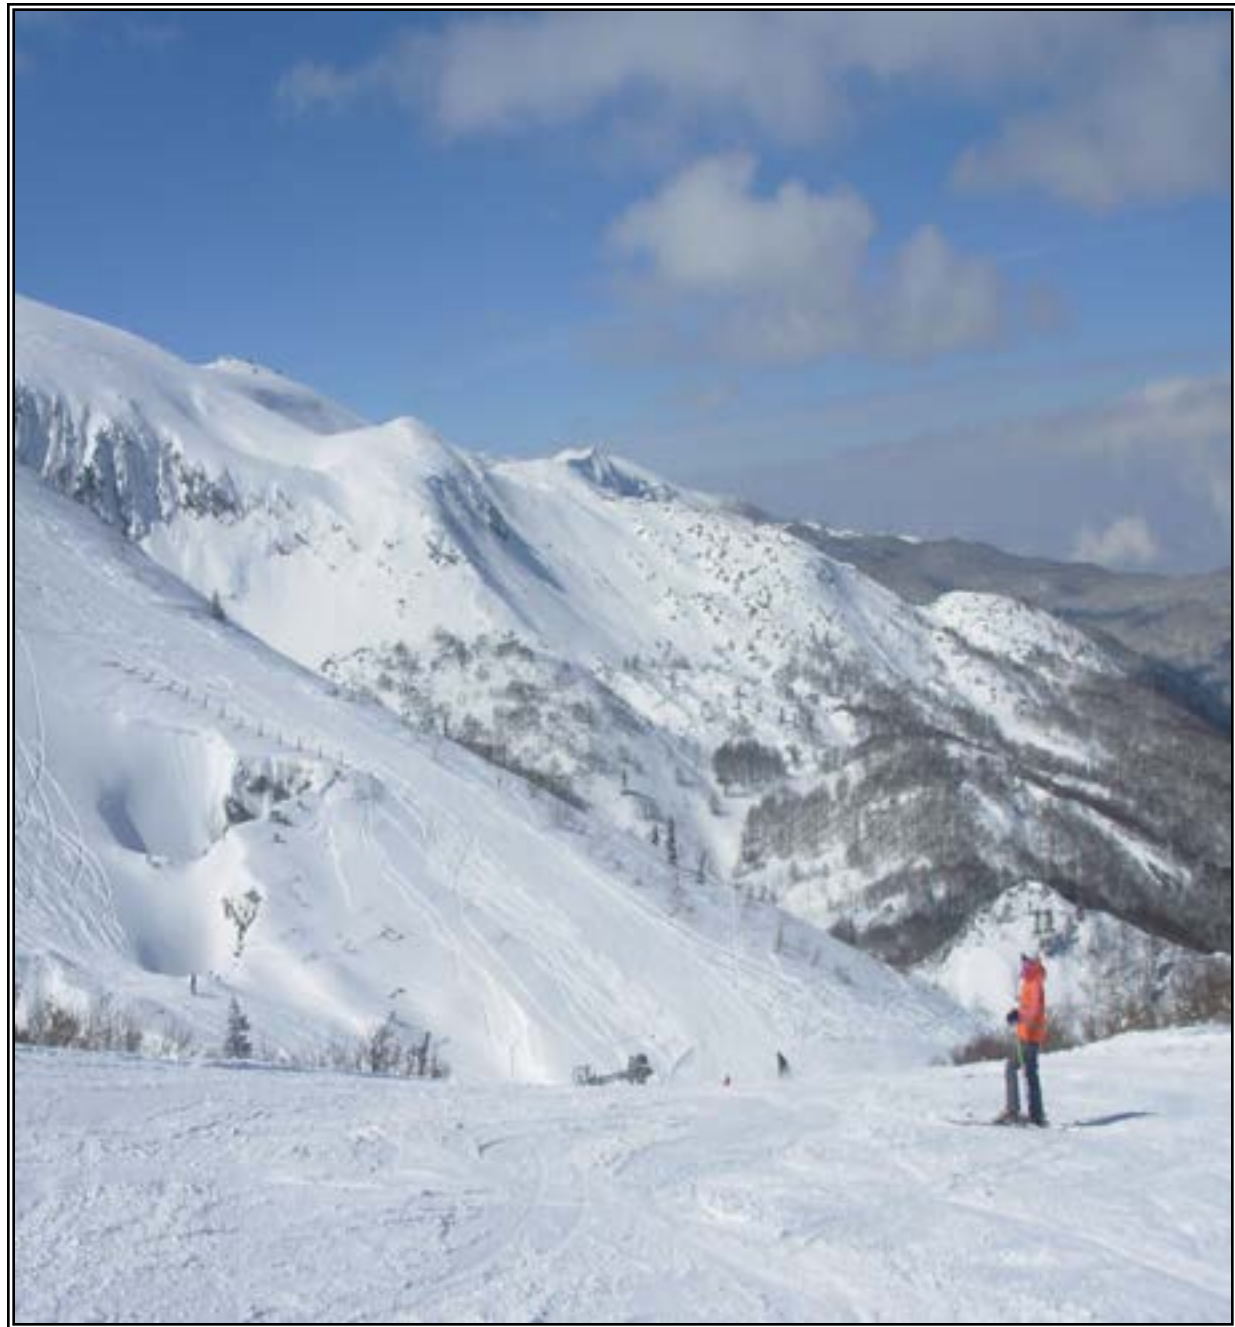

- :
- a) Construction of new ski slopes on Bjelasnica and Igman (Djurino brdo, Veliko polje and Grkalica – locations);
- b) Development of sport /winter tourism , as the main factor of tourist offer of Canton of Sarajevo, Federation of Bosnia and Herzegovina and the complete country Bosnia and Herzegovina.
- c) Development of infrastructure necessary for a successful promotion of the Olympic mountines and organizing of big international ski competitions.
- d) New employment.

Realization of NEW SKI SLOPES project will enable better working conditions for ski clubs, and decrease a possibilities of wood fires during the summer period.

Realization of the project will influence children to turn to the winter sports, and choose one of the events they prefer.

Reviving of the Olympic is also one of the goals that will be reached by new ski slopes.

PROJECT: SKI LIFTS (CHANGEOVER)

Industry sector :
Tourism /Winter tourism
Location: Sarajevo
/The Olympic Mt. Bjelašnica

Investment opportunity objective :

Development of sport /winter tourism
, as the main factor of tourist offer of
Canton of Sarajevo, Federation of
Bosnia and Herzegovina and the
complete country Bosnia and
Herzegovina.

Development of infrastructure
necessary for a successful promotion
of the Olympic mountines and
organizing of big international ski
competitions.

New employment.

Improving of ski season.

Installation of new ski lifts on Bjelašnica MT. – LIFTS: “KOTLOVI” AND “HELIODROM”, will provide better skiing conditions for skiers.

The existing lifts has been installed for the Olympics 1984.yr., and do not fulfil conditions for skiing and big international conditions /low speed and small number of persons/.

Realization of this project will increase the number of skiers, improvove safety and provide better finance.

The project will be realised according to ecologic standards.

Th econsumers of HELIODROM and KOTLOVI are mostly younger generations.

PROJECT: SUPPLEMENT OF SNOW GROOMERS

**Industry sector : Tourism /WINTER
TOURISM**

**Location: Sarajevo /The Olympic
Mountines Bjelašnica & Igman**

Investment opportunity objective :

**Ski slope restructuring – providing of
skiing conditions;**

**Development of sport /winter tourism , as
the main factor of tourist offer of Canton
of Sarajevo, Federation of Bosnia and
Herzegovina and the complete country
Bosnia and Herzegovina;**

**Development of infrastructure necessary
for a successful promotion of the Olympic
mountines
and organizing of big international ski
competitions;**

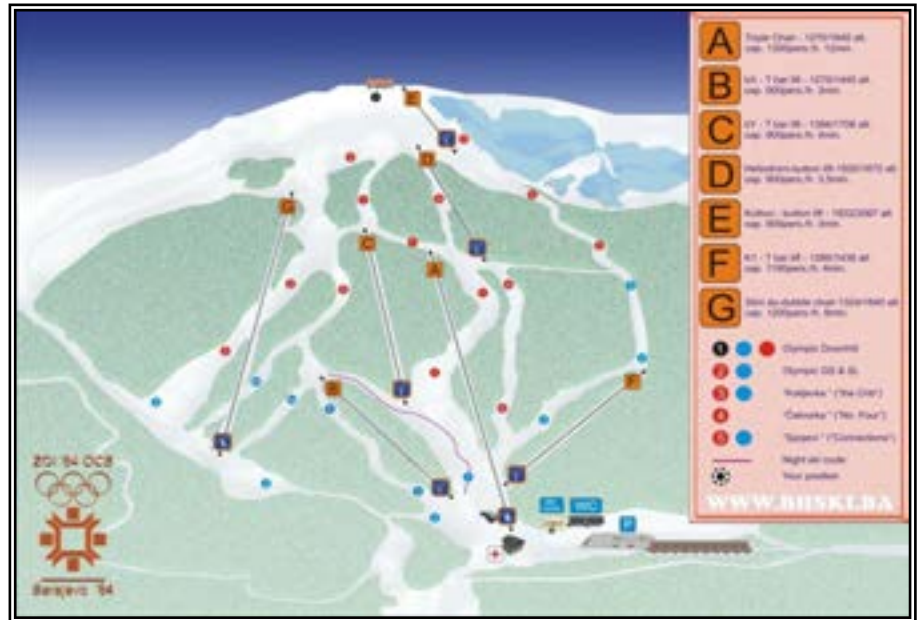

Improving of winter season.

The snow groomers are one of the most important parts of ski center, and are necessary for ski slope restructuring, that enables perfect skiing conditions.

ZOI'84 Ltd. currently owns 6 snow groomers (PRINOT), but development of ski center has to be followed by machine, transport and equipment modernization.

The snow groomers supplement would enable faster and better slope maintaining.

PROJECT:

RECONSTRUCTION OF WATER ACUMULATION / POOL ON VELIKO POLJE - IGMAN MT.

Industry sector :

Tourism / SUMMER AND WINTER TOURISM

Location: SARAJEVO

/The Olympic Mt. IGMAN – VELIKO POLJE

Investment opportunity objective :
development of sport /winter and summer tourism , as the main factor of tourist offer of Canton of Sarajevo, Federation of Bosnia and Herzegovina and the complete country Bosnia and Herzegovina;

Development of infrastructure necessary for a successful promotion of the Olympic mountines and organizing of big international ski – jumping competitions, as well as summer activities.

THE OLYMPIC MT. IGMAN, It is well known for its climate perfectly suitable for training activities, and is higly recommendable for sports and health tourism.

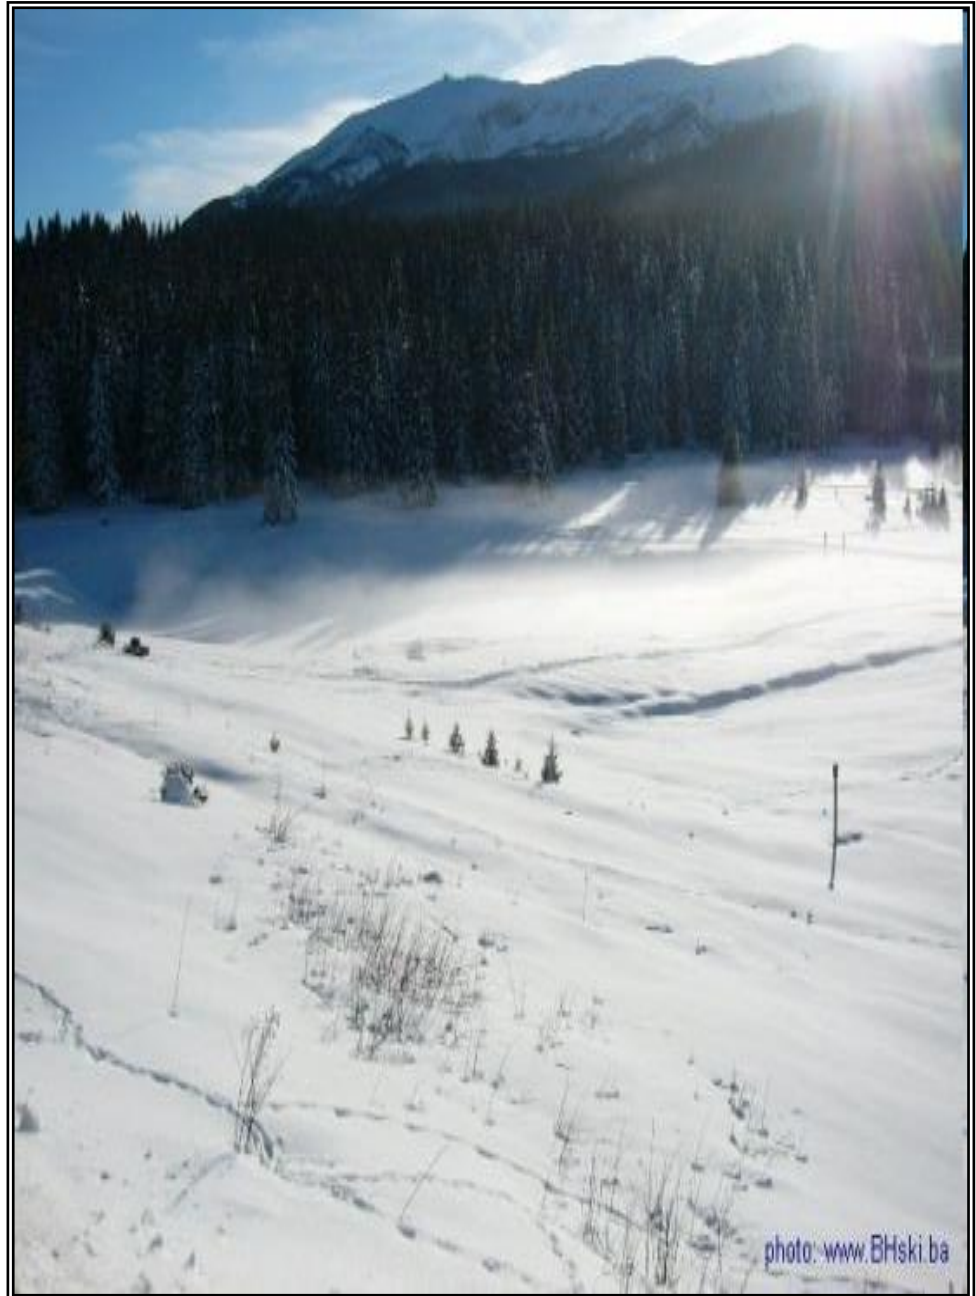

photo: www.BHski.ba

The PROJECT includes reconstruction of the existing accumulation /pool used for producing the artificial snow, and its modernization.

The MODERN accumulation has two purpose:

1. Producing the artificial snow during the winter season;
2. Swimming pool - during the summer season.

By it's realization we'll improve the current services on Veliko Polje -IGMAN Mt. during the winter, and revive summer tourism on our Olympic Mt.

START/END OF IMPLEMENTATION:

2018yr. – 2020.yr.
